Tentative effective dates:

January 1, 2017 - 6-foot general fall protection trigger height under Subdivision 3/M (from 10 foot)

October 1, 2017, for prohibiting the use of slide guard systems as a sole or primary fall protection system.

Adoption tentatively will be February 2016

www.orosha.org Rules, then Proposed Rules
WASHINGTON

PREPROPOSAL STATEMENT OF INQUIRY

Department of Labor and Industries

possible rule making: Chapter 296-809 WAC, Confined Space WAC

CR-101 (June 201

Do NOT use for expedited rule

Authorizing the agency to adopt rules on this subject: : RCW 49.17.010, 49.17.040, 49.17.050, 49.17.060

why rules on this subject may be needed and what they might accomplish: The Occupation Safety and Health Administration (OSHA) adopted its Final Rule for Confined Space in Construction, effective August 4, 2010. The rule imposes additional or more stringent requirements on employers than existing OSHA standards. States must adopt an “at least as effective” standard or amendment to their existing standards, or show that they already have an existing “at least as effective” standard, within 6 months.

We have advised OSHA that we will adopt rules that are different but at least as effective as the OSHA rule. A petition for a one-year extension has been filed to give DOSH adequate time to update its standard in light of complexity involved.

other federal and state agencies that regulate this subject and the process coordinating the rule with these agencies: OSHA-approved State Plan, DOSH is the primary entity to regulate this subject in Washington, with provisions pertaining to maritime the industry and U.S. government operations, in which cases OSHA may be involved.

for developing new rule (check all that apply):
[] Negotiated rule making
[] Pilot rule making

Proposed Rule

WRONG!
Get Involved!

Safety is all about You!
Chapters inform the Regional Vice President the Regional Government Affairs Chair of any proposed government affairs activity as soon as practicable. The Regional Vice President will inform the Vice President, Council on Professional Affairs, and Manager of Government Affairs and Policy of such proposed activity.

It is preferable that all chapters in a state agree to a government affairs activity. Once Chapters or the Regional Vice President reach a position or comment on a government affairs activity, that position and comment shall be shared with the Manager of Government Affairs and Policy. The Committee will ensure that the position and comment is consistent with Society positions and by-laws.
Comment on one piece of legislation by next April!
